Contents

Volume 37, Number 3, May 2008

Editor's view 241

Editorials
The Mental Capacity Act: some implications for black and minority ethnic elders
A. Shah and C. Heginbotham 242

How safe are our hospitals?
R. Ramanath and T. J. Hendra 243

News and Reviews 246

Commentary
Falls risk-prediction tools for hospital inpatients. Time to put them to bed?
D. Oliver 248

Review
Acute respiratory failure in the elderly: diagnosis and prognosis
S. Delerme and P. Ray 251

Systematic Review
Dysphagia treatment post stroke: a systematic review of randomised controlled trials
N. Foley, R. Teasell, K. Salter, E. Kruger and R. Martino 258

Research Papers
Incidence, preventability and consequences of adverse events in older people: results of a retrospective case-note review
A. B. A. Sari, A. Cracknell and T. A. Sheldon 265

Predicting people with stroke at risk of falls
A. Ashburn, D. Hyndman, R. Pickering, L. Yardley and S. Harris 270

Fall risk-assessment tools compared with clinical judgment: an evaluation in a rehabilitation ward
M. Vassallo, L. Poynter, J. C. Sharma, J. Kwan and S. C. Allen 277

Lessons learned from a multidisciplinary heart failure clinic for older women: a randomised controlled trial
N. Azad, F. Molnar and A. Byszewski 282

Association between APOE ε2/ε3/ε4 polymorphism and disability severity in a national long-term care survey sample
A. Kulminski, S. V. Ukraintseva, K. G. Arbeev, K. G. Manton, J. Oshima, G. M. Martin and A. I. Yashin 288

Methicillin-resistant *Staphylococcus aureus* carriage in a long-term care facility: hypothesis about selection and transmission
M. Eveillard, P. Charru, P. Rufat, M.-C. Hippeaux, E. Lancien, F. Benselama and C. Branger 294

Epidemiology of balance and dizziness in a national population: findings from the English Longitudinal Study of Ageing
K. N. Stevens, I. A. Lang, J. M. Guralnik and D. Melzer 300

Rate of accidental falls in institutionalised older people with and without cognitive impairment halved as a result of a staff-oriented intervention
A. Bouwen, J. D. Lepeleire and F. Buntinx 306

A comparison of measured height and demi-span equivalent height in the assessment of body mass index among people aged 65 years and over in England
V. Hirani and J. Mindell 311

Trypsin, elastase, plasmin and MMP-9 activity in the serum during the human ageing process
L. Paczek, W. Michalska and I. Bartlomiejczyk 318

Research Letters
Subtypes of urinary incontinence after stroke: relation to size and location of cerebrovascular damage
R. Pettersen, Y. Haig, P. H. Nakstad and T. B. Wyller 324

An evaluation of palliative care in the acute geriatric setting
P. Dainty and D. Leung 327

Insulin sensitivity and beta-cell function in older Japanese adults without diabetes
M. Kanauchi, K. Kanauchi, T. Inoue, K. Kimura and Y. Saito 330

Hearing loss and cortical atrophy in a population-based study on non-demented women
X. Guo, I. Skoog, E. Idrizbegovic, L. Pantoni, M. Simoni and U. Rosenhall 333

Tissue Doppler annular velocities, NT-proBNP and exercise capacity in healthy elderly
M. Tretjak and M. Kozelj 336

Predicting length of hospitalisation of elderly patients, using the Barthel Index
A. Supervía, D. Aranda, M. A. Márquez, A. Aguirre, E. Skaf and J. Gutiérrez 339

Case Reports
Eyelid apraxia associated with bilateral paramedian thalamic infarct
P. K. Myint, K. N. Anderson, N. M. Antoun and E. A. Warburton 343

Vertebral artery dissection: not a rare cause of stroke in the young
U. Umasankar, T. J. Carroll, A. Famuboni, M. D. Patel and I. D. Starke 345

Ataxia caused by amiodarone in older people
J. V. Hindle, A. Ibrahim and R. Ramaraj 347

Clinical Reminder
Sister Joseph's nodule
A. K. Das, A. Higgins and J. Fildes 349

Letters to the Editor
Addenbrooke's Cognitive Examination - Revised in day-to-day clinical practice
H. J. Woodford and J. George 350

Reply
A. J. Larner 350

Evaluating the impact of the National Service Framework for Older People; qualitative science or populist propaganda?
S. L. Powell 351

Reply
J. Manthorpe and S. Iliffe 351

Individual and community fall prevention strategies
L. Day and S. Lord 352

Reply
A. J. Campbell and M. C. Robertson 353

Delirium in older people: an epiphenomenon of incipient death or a separate biological process?
G. Bellelli, S. Morghen, R. Turco and M. Trabucchi 353

Reply
D. Adamis 354

Book reviews 356
